Department of Computer Science
CSC 1205 Object Oriented Programming – 1 (JAVA)

Final Term GUI Based Lab
Performance Evaluation

Semester: Spring 2024-2025

CO Assessed: CO3

Total Marks: 20

Student(s) must bring the completed GUI based lab performance evaluation form to participate in the GUI based lab performance evaluation process.

CO3 [PO-h-1]: Determine and validate the appropriate system functional requirements, as well as their design for a real-life based application, in order to facilitate communication and analytical abilities.

Assessment Criteria	Missing/Incorrect (0)	Inadequate (1)	Moderate (2)	Satisfactory (3)	Good (4)	Excellent (5)
GU Implementation & Usability	No working GUI or entirely incorrect implementation.	GUI is present but lacks usability; poor layout design.	Basic GUI with minimal functionality; user experience is not smooth.	Functional GUI with reasonable usability; proper layout and navigation.	Well-designed GUI with good user experience; interactive elements work smoothly.	Highly intuitive, user-friendly GUI with excellent usability and design.
File Handling & Data Persistence	No file handling or incorrect implementation.	Basic file handling but missing key aspects (e.g., no error handling).	Reads and writes data but lacks efficiency or proper handling.	Reads and writes data efficiently with basic error handling.	Well-implemented file operations with robust error handling and validation.	Optimized file handling with excellent error handling, validation, and data integrity measures.

**The following CO3 and Total Marks sections are to be filled out by the Course Teacher during the GUI based lab performance evaluation period.*

Evaluation period:							
SL	Student Name	Student ID	Section	Marks acquired in C03 (10)		Total Marks Acquired (20)	
			SS	Evaluation Criteria			
			Contribution in % Total: 100%	GUI Implementation & Usability (5)	File Handling & Data Persistence (5)	C03	10
						VIVA	05
						CODE	05
1	Tasnim Akhter	24-57249-2	50%				
2	Lubaba Zannatul Haque	24-58779-2	50%				

** Students need to fill out the Student Name, ID, Section, GUI Based Lab Work Title, Contribution in %, Major Contributed Features, Lab Word Link and the Lab Work Description in accordance with their own lab work.*
